## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

1. Claims 1-6 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

The current invention is a method for quick retrieval of desired program from a list of plural programs in an EPG.

The specification fails to enable one of skilled in the art to make and/or use a “*production means for producing a retrieval table in which with reference to a broadcast time included in the program guide information, each program is allocated to each time zone with a range of a predetermined time on the basis of the separated program guide information*” as recited in claim 1.

The specification fails to enable one of skilled in the art to make and/or use a “*producing a retrieval table in which with reference to a broadcast time included in the program guide information, each program is allocated to each time zone with a range of a predetermined time on the basis of the separated program guide information*” as recited in claim 4.

The relationships between the broadcast time, time zone, a range of predetermined time and programs are not understood by the examiner.

Art Unit: 2611

2. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "each time zone" in lines 11-12. There is insufficient antecedent basis for this limitation in the claim.

Claim 4 recites the limitation "each time zone" in line 10. There is insufficient antecedent basis for this limitation in the claim.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
